

# MULTI-NUT DRIVERS

Fully pass-through on all sizes for threaded applications

- Magnetic Nut Driver allows for one-handed driving, with 11 sizes in one tool
- Pass-through handle and barrels for fastening hex nuts onto threaded rod of any length
- Strong, Rare-Earth magnets securely hold nuts and bolts: 5, 7, 8, 9 and 11mm
- Spring coil holds nuts and bolts in place without the use of magnets: 10mm, 13mm, 14mm, 19mm
- Extended wrench-assist on barrels for added torque on tough jobs
- Color-coded bands for easy identification
- Heavy-duty, Cushion-Grip™ handle for greater torque and comfort
- Driver barrels nest within each other for compact storage in tool bags or workbenches
